Balance.

W 144

W 144 -

Strong Head and deep jaw  
complements a very heavy  
bodied ram with a well  
nourished bright fibre of the  
highest quality.

Tag	Sire	Age	Micron	S.D.	C.V.	C.F. %	EMD	Fat
W 046	RA 002	April	19.5	2.9	15.1	99.2	46	7
W 144	RA syn	April	19.9	3.3	16.4	99.4	40	8

## Y 335 -

A deep wide heavy carcass.  
 Outstanding staple length and amazing fibre quality.  
 Fair dinkum  
 "wool that sparkles".

Tag	Sire	Age	Micron	S.D.	C.V.	C.F.%	EMD	Fat
Y 335	RA 026 RLS	M/June	18.2	2.7	14.9	99.8	39	9
W 006	RA 100	April	17.5	2.5	14.5	100	40	7

W 006

W 006 -  
 Production is the word to describe this ram.  
 This RA100 son has an outstanding back end, with great depth of body.  
 Pure soft strong head.  
 He carries a rich gutsy well tested fleece.

**W 120**

**W 120 -**  
This son of RA133  
takes after his  
father.  
An early maturing  
very weighty ram  
that has  
outstanding depth.  
Well nourished  
elite fibre carried  
all around his body.  
This ram will fill  
bales and still  
produce early  
maturing meaty  
lambs.

Tag	Sire	Age	Micron	S.D.	C.V.	C.F.%	EMD	Fat
W 120	RA 133	April	19.3	2.6	13.4	99.8	41	7
Y 388	RA syn	M/June	17.7	2.4	13.5	99.8	42	7

**Y 388 -**

A ram with a super  
fibre.

Correctly structured,  
square young sire, with  
a great arse end.

Strong broad pure  
head.

**Y 388**

# Spring Drops

R 414

R 414 -

A son of RA082 (Mr Consistent) and brother to RA100 and RA103 which tops the SA trial. This young ram shows all the signs to be yet again another top RA082 sire. He is an extremely long bodied ram that is also very deep. Grows a rich lustrous long fibre of the highest quality.

Tag	Sire	Age	Micron	S.D.	C.V.	C.F.%	EMD	Fat
R 414	RA 082	Sep	17.0	2.8	16.6	99.6	37	6
R 428	RA 080	Sep	18.8	2.7	14.2	99.6	38	6

R 428-

This young September drop ram has top pedigree.

Sired by RA080 (Will I Am), Dam by RA202.

Has a strong broad head which is a common trait of the RA202 family.

He stands up well and has the typical RA080 wool, crimpy soft and white.

R 428

**W 077**

**W 077 -**

A long bodied ram with a very rich surface growing an outstanding amount of high quality wool.

This young grandson of RA080 has four generations of correct structure, well nourished white gutty wool.

Was used in a RA022 ram lamb syn and will be used again in the stud.

**Y 200 -**

An attractive proud ram. Has the typical RA202 purity and with a relaxed temperament.

Top end EMD and FAT scores. A ram that has a very wide stance from behind.

Was used in a RA202 ram lamb syn and stood out at a young age.

**Y 200**

Tag	Sire	Age	Micron	S.D.	C.V.	C.F.%	EMD	Fat
W 077	RA 022	April	19.3	3.0	15.7	99.6	45	7
Y 200	RA 202	M/June	18.3	2.6	14.0	100	45	8

W 012

W 012 -  
Very deep, wide,  
heavy, well  
structured ram.  
Sire RA100 is a  
consistent ram that  
throws true to type.  
White long bold  
wools, that do well  
in all  
conditions.

Y 395

Y 395 -  
A ram that has a  
presents, standing up  
high with great neck  
extension.  
Has a well nourished  
high quality wool.  
Good poll head with  
exquisite purity.

Tag	Sire	Age	Micron	S.D.	C.V.	C.F.%	EMD	Fat
W 012	RA 100	April	17.6	3.0	17.3	99.6	40	8
Y 395	RA syn	M/June	18.4	2.7	14.9	99.8	39	7

**R 423 -**  
Attractive well-balanced sire  
that holds his head up  
proud. He shows typical  
RA080 characteristics,  
stands well on his feet, rich,  
nourished and pure.

# Spring Drop

**R 423**

**W 116**

**W 116 -**  
Big heavy deep carcass ram  
with very white long wool.  
Well-covered pure poll head

**Y 319**

**Y 319 -**  
An upstanding good looking  
ram with heavy wool cutting  
characteristics.  
Bold Long & crimp.
